

Sports News

We are having a great year with sports and sporting events at STA this year. This year we have purchased some much needed sports equipment for our school including footballs, soccer balls, netballs, volley balls and many more along with many new cones and markers. Many of these purchases were made possible with the support from STA families through programs including the Woolworths Earn and Learn sticker collection. In 2016 we also purchased our first set of STA Jerseys that we will be able to use at many sporting events in the future. These jerseys were unveiled in our school newsletter at the end of Term 3.

This year I have worked really hard with the Year 6 Sports team to create names for our house groups. We started by coming up with 4 sets of names before passing them on to Cameron Johns for a final vote. We are now ready to reveal the new names for our house groups with the arrival of our flags that will be used at all sports carnivals in 2017.

The names we have selected are the Aboriginal names of the elements:

Fire – Kanbi – Red
Wind – Minya – Yellow
Earth – Dhaura – Green
Water – Nyadyung – Blue

I am looking forward to hearing the chants the students create for the house groups in 2017.

Kristy-Lee Walker
Sports Coordinator
